The Big Book of Behaviour Management

Written for all teachers who need support in their classrooms, **The Big Book of Behaviour Management** provides you with the right tools to manage and teach behaviour, build relationships, and develop students academic, social, and self-regulation skills.

\$55

After the Adults Change, Everything Changes

In this follow-up to his bestselling book *When the Adults Change, Everything Changes*, Paul Dix explains how teachers and school leaders can move beyond the behaviour management revolution and build a school culture rooted in relational practice. There is a behavioural nirvana. One that is calm, purposeful and respectful.

\$75

Behaviour Management 2nd Edition

Bill Rogers' draws on his extensive experience as an educational consultant and trainer to help teachers and managers develop a whole-school strategy for dealing with student behaviour. He offers practical suggestions to support teachers as they face the pressures of accountability, assessment and rising concerns about student behaviour.

\$55

Changing Perceptions; Deciphering the language of behaviour

This timely book moves the dial on the perception of challenging behaviour in schools. De-escalation is important but it is only part of the process: if we really want to change behaviour we have to understand it. The causes of poor behaviour are many and varied: fear, stress, anxiety and the feeling of being overwhelmed can all take their toll.

beyond behaviour management

\$66

Disruptive Classroom Technologies: A Framework for innovation in Education

Timely and powerful, this book offers a new framework to elevate instructional practices with technology and maximize student learning. The T3 Framework helps teachers categorize students' learning as translational, transformational, or transcendent, sorting through the low-impact applications to reach high-impact usage of technologies.

\$55

Guiding Kids through the Tough Moments

This book centres around those moments when we must get involved, or call a child out on an unsafe, careless, or selfish action. Pitched well beyond the superficiality of making "happy families" or "obedient classes," this book dives into the colour and chaos of life. It provides guidance for navigating the commotion and the processes required.

\$70

Happy Kids Don't Punch You In The Face

The approach to addressing dangerous and aggressive behaviour in youth described in this book is founded in evidence-based practice, (e.g. applied behavioural analysis, multi-tiered system of supports) augmented with best practices in the field of positive psychology, (e.g., mindfulness, flow, and optimism training).

\$55

How To Deal With Parents Who Are Angry, Troubled, Afraid

Unexpected situations with angry or dysfunctional parents can leave teachers floundering. This teachers' edition provides invaluable strategies that teachers can use to defuse angry parents and to work with all parents to advance the success of their children.

\$50

Lost & Found

The author's Collaborative & Proactive Solutions (CPS) approach focuses on the problems that are causing concerning behaviours and helps school staff partner with students to solve those problems rather than simply modifying the behaviour.

\$70

Removing Labels

Removing Labels is more than a collection of teaching strategies — it's a commitment to providing truly responsive education that serves all children. When you and your colleagues take action to prevent negative labels from taking hold, the whole community benefits.

\$40

Running the Room

Practical, evidence-informed, and based on the expertise of teachers from around the world, it addresses the things teachers really need to know to build the classrooms children need. Strategies, tips and solid advice, it brings together the best of what we know and saves teachers, new or old, from reinventing the wheels of the classroom.

\$65

Simple Stuff to get Kids Self-Regulating in School

Packed with photocopiable lesson plans and tried and tested strategies, this illustrated guide is the ideal companion for teachers and therapists wishing to help kindergarten and primary school children to self-regulate.

\$65

Square Pegs

This book will be invaluable in guiding leaders and teaching staff through the most effective ways to address the challenge for those children who don't 'fit' the system. It covers a broad spectrum of opportunity, from proven psychological approaches to technological innovations.

\$50

Teaching Vulnerable Learners

Using What Works, Ditching What Doesn't – Strategies for Students Who are Bored, Distracted, Discouraged or Likely to Drop Out. When schools fail to address the problems of struggling students, the consequences can be dire: course failures, absenteeism, suspensions or expulsions, dropouts.

\$42

The Explosive Child

Ross Greene, a distinguished clinician and pioneer in the treatment of kids with social, emotional, and behavioural challenges, has worked with thousands of explosive children, and he has good news: these kids aren't attention-seeking, manipulative, or unmotivated, and their parents aren't passive, permissive pushovers.

\$70

The SENCo Handbook

Debating and discussing how the SENCo role has changed and will change, this book will help all SENCos, headteachers and school leaders to create and implement effective whole-school policy and practice for special educational needs.
